

Artist report (3-4 min)

How do artists stay fit on the road? What should they wear on stage? How do they even start writing a new song in the first place? And do they keep track of play counts and where people are listening? All these questions and more are answered in the Artist Report.

Top 5 (3-4 min)

A count down of the biggest tunes of the week, the latest album releases, or the best performances at festivals around the world.

Behind the scenes (3-4 min)

Artists take us on the set while they're filming their latest music video, into the studio while working on their next single, or even on the road as they live life from a tourbus for weeks at a time.

Artist Report / Special (3-4 min)

As well as looking at the creative process, we'll also discuss how artists listen to their music, how much thought goes into the tracks they make and whether want to push their careers in a certain direction.

From the vaults (2-3 min)

A look back at music history and how it's influenced the sounds we hear today.

Artist Report 3-4 min)

How do artists stay fit on the road? What should they wear on stage? How do they even start writing a new song in the first place? And do they keep track of play counts and where people are listening? All these questions and more are answered in the Artist Report.

Special (3-4 min)

This item may vary in each episode. It could be about the food artists eat while travelling to their next gig. The best places in the world to record an LP. How audience differ from country to country. etc.
